

Netball Queensland Competitions Overview

Objectives

- To provide affordable and accessible competition structures that enable players, coaches and officials of all levels to pursue their dreams
- To provide access for all to an appropriate standard of netball, ensuring participants can reach a level where they are challenged, but don't always dominate or are consistently out of their depth;
- To ensure an appropriate volume of netball to ensure participants can meet their training and playing requirements and maintain a lifelong passion for the game.
- To reduce the impact of cost as an inhibitor to participation and that cost does not prevent talented player, coaches and umpires from further selection.
- Ensure all competition structures have a clear purpose and fit into the broader context of NQ Competitions to aid with player, coach and umpire retention and progression as appropriate
