

Quick Reference Guide: NetSetGo Centre Registration

This Quick Reference Guide contains the following information:

- Program Settings
- Registration Setup
- Submitting Application
- What's Next?

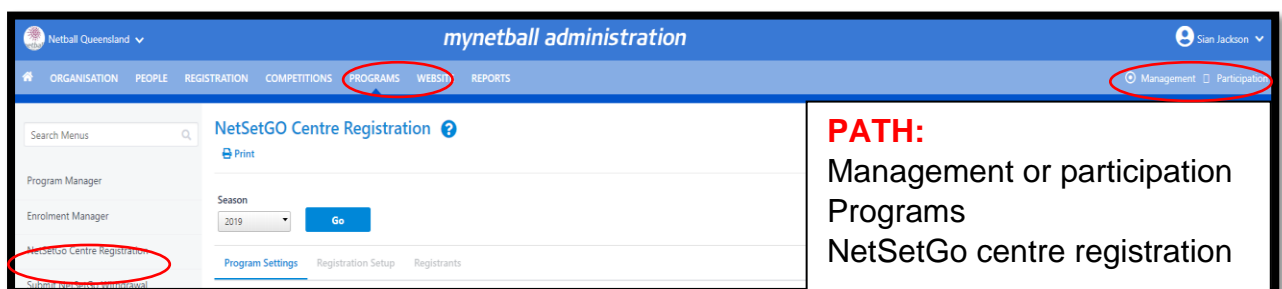

The Association's or Club's NetSetGO center will need to set up every year.

The process below is the same whether you are an Association or Club. Associations complete this in either mode, Management or Participation, while Clubs complete it in Participation Mode.

Associations can create their NetSetGo centre under **Management** or **Participation**.

Clubs will not have the option to choose between management or participation, they will just be in participation.

This will bring you to the **NetSetGO Centre Registration** page.
