

Quick Reference Guide: Administrator Access to View Public Reports

The process below is the same whether you are an Association or Club. Associations complete this in either mode, Management or Participation, while Clubs complete it in Participation Mode.

Associations can view public reports under **Management** or **Participation**.

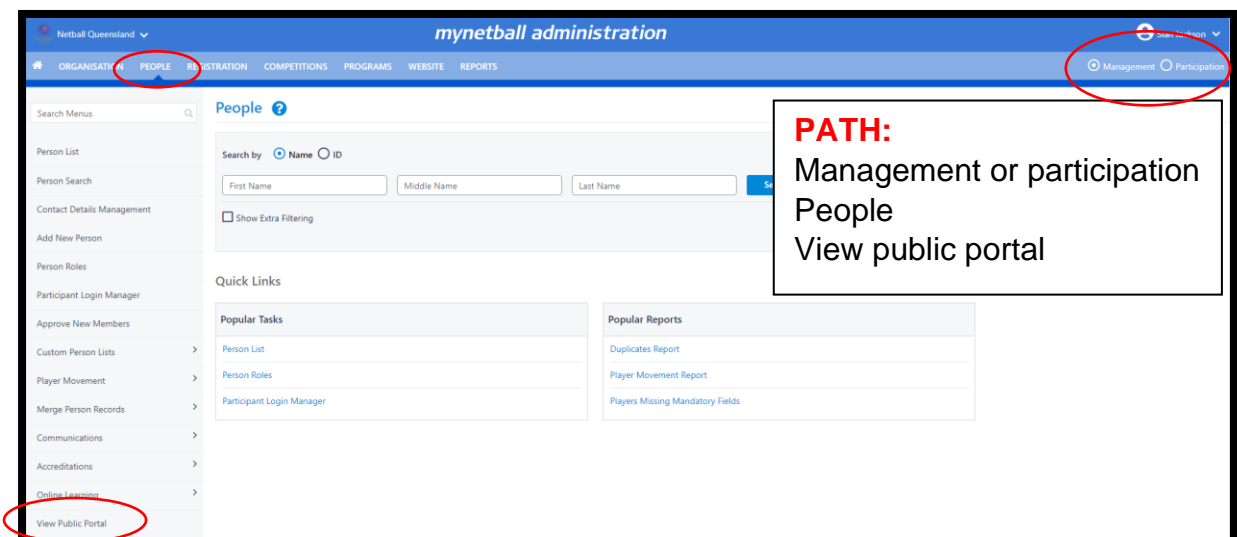

Clubs will not have the option to choose between management or participation, they will just be in participation.

To access this section, you will need to select **People, View Public Portal**.

This will bring you to the **Launch Public Portal** page.

This page allows access to the public portal displaying suppressed player names. The portal will be locked to the current organisation.

[Launch public portal](#)

This will bring you to the public portal for your organisation.

DO NOT LOG INTO MYNETBALL at this stage.

The screenshot shows the MyNetball website interface. At the top, there is a navigation bar with links for HOME, MATCHES, LADDERS, STATISTICS, ORGANISATION, and HELP. A search bar is located on the right side of the navigation bar. Below the navigation bar, there is a large banner image showing a netball game in progress. The banner includes the text "FIND A CLUB" and "Search by suburb or postcode". To the right of the banner, there is a LOGIN section with fields for Username and Password, and radio buttons for Participant and Administrator. Below the login section, there are three columns of content: "PLAY NETBALL", "YOUR NETBALL", and "SHAPE NETBALL". Each column has a brief description and a "Let's Play" button. On the far right, there is a promotional banner for the MyNetball mobile app, which includes the text "MyNetball is now mobile. DOWNLOAD THE FREE APP NOW".

To access any of the reporting, click on **Statistics** at the top of the page and select the relevant report.

All player names will display and the portal is locked to the current organisation. To reset close all browser windows or click [here](#).
