2. COMPETITION STRUCTURE

2.1. Competition Format

2.1.1. Netball Queensland reserves the right to use the competition format it believes is the best for the age group and number of teams nominated for the competition.

2.1.2. The Event will comprise five (5) groups

- 12U Girls – born 2008
- 13U Girls – born 2007
- 14U Girls – born 2006
- 15U Girls – born 2005
- Boys – Expressions of interest will be sought from Associations for two age groups,

12U/13U – born between 2007-2008

14U/15U – born between 2005-2006

If there is not enough interest in each age group to hold a viable competition they teams will be placed in to one competition from 12U to 15U. Male players will not need to be registered members of an Association, but will become temporary members for this event and be covered by event specific insurance cover.

2.1.3. Associations who do not enter teams in all age groups may allow players to play up one age group without seeking permission from Netball Queensland, as long as the Association is not entering a team in the age group the player or players concerned are eligible for.

- 2.1.4. With the exception of the 12U, there will be two (2) Divisions within each age group, referred to as:
- Division 1 – State Championships
 - Division 2 – State Challenge
- 2.1.5. Within each Division teams will begin the event in pools playing the Preliminary Rounds. At the completion of the Preliminary Rounds, teams will be allocated to pools for the Ranking Rounds.
- 2.1.6. In the Preliminary Stage, Teams will play each other once to establish a preliminary ranking position.
- 2.1.7. Based on their ranking position from the Preliminary Stage, teams will then be allocated to a Ranking Pool. See [Appendix 2](#)
- 2.1.8. Please refer to [Appendix 2](#) for an illustration of the competition structure and the allocation of points for final finishing position across the competition.
- 2.1.9. The number of teams within each Preliminary and Ranking Pools may vary across age groups depending on the number of nominations received. Netball Queensland will endeavour to ensure teams across all age groups and Divisions play a similar number of games throughout the event.
- 2.1.10. If teams are tied at the completion of the Preliminary Stage matches, the ranking position will be decided by the following method.
- The respective placings shall be determined by ranking the teams according to the goal percentages achieved by each team during the Preliminary Stage rounds– highest to lowest (i.e. goals for divided by goals against multiplied by 100).
 - If after ranking teams according to goal percentages to two (2) decimal points, teams remain tied, the results of the match between the two (2) teams concerned during the preliminary rounds will decide the winner.
 - If the two (2) teams drew their match or won one (1) match each, or if more than two (2) teams have the same number of points and percentage at the end of the Preliminary Stage rounds, then goal difference will be applied (i.e. the difference between goals for and goals against).
 - In the event of a further tie, the team scoring the most goals during the Preliminary Stage rounds will secure the higher ranking position.
- 2.1.11. Once in the Ranking pools, each team will play off against all other teams in their pool, providing a final overall ranking for the competition.

2.2. Daily Game Scheduling

- 2.2.1. The Event will be conducted in a “split format” where two age groups will play in the morning and the remaining two in the afternoon/evening. Exact timing will not be known until all team nominations are received, but is anticipated to be approximately 0800 to 1400 and 1430 to 2000 as a guide.
- 2.2.2. Based on nominations reaching the capacity of teams can expect to play approximately 14 games across four by five to six hour days. There may be individual variations depending on the number of nominations in specific age groups and divisions but every attempt will be made to keep these allocations as even as possible. Teams may also get to play a Final match on Day 4, if time and court space permits .

2.3. Player Minimum Halves Requirements

- 2.3.1. Consistent with the purpose of the Event and aligned with Netball Australia requirements of teams participating in the 17U and 19U National Netball Championships (NNC), team coaches must ensure that players are provided with appropriate amounts of game time.
- 2.3.2. The minimum half requirements are to be calculated across the **entire event (4 days)** applying to the Preliminary and Ranking rounds. For the avoidance of doubt, players need to play their minimum quarters across the event, not in each game.
- 2.3.3. For the 2020 Netball Queensland Competitions the following minimum half (or quarter) requirements apply.
 - 12U and 13U Age Groups – All players must play at least 50% of match halves

 - HART Sapphire Series – to be eligible for finals players must have played 25% of quarters.
- 2.3.4. Once the nominations close and draws are completed, exact numbers of halves will be specified for each age group and these will be communicated with team managers and coaches.
- 2.3.5. Any team that does not meet the exact minimum half requirements will not be eligible for Awards or to play in Finals.
- 2.3.6. Team Managers of players who sustain injury or illness and are required to miss games, will need to have the injury or illness verified in writing by the NQ provided Sports Medicine Personnel for the player to be granted concessions in relation clause

2.3.7. This will need to be indicated on the scorecard and verified by the opposition scorer, prior to the scorecard being handed in.

2.3.7. In the situation referred to in clause 2.3.6, the injured player will be granted either 50% (12U & 13U) or 33% (14U & 15U) of the halves for games missed, as long as the injury is verified by the NQ provided Sports Medicine official and the opposition team scorer for the game missed.

2.4. Final Placings

2.4.1. Final placings will be determined by the number of points accumulated after the Ranking rounds. Points from the Preliminary rounds do not carry through to Ranking rounds.

2.4.2. If two (2) teams have equal points after the last match in the Ranking rounds, the final ranking of these teams shall be determined by the following method.

- The respective placings shall be determined by ranking the teams according to the goal percentages achieved by each team during the Ranking Rounds – highest to lowest (i.e. goals for divided by goals against multiplied by 100).
- If after ranking teams according to goal percentages to two (2) decimal points, teams remain tied, the results of the match between the two (2) teams concerned during the Ranking round will decide the winner.
- If the two (2) teams drew their match or won one (1) match each, or if more than two (2) teams have the same number of points and percentage at the end of the regular Ranking Rounds, then goal difference will be applied (i.e. the difference between goals for and goals against).
- In the event of a further tie, the team scoring the most goals during the Ranking Rounds will secure the higher final position.
- Results of the match played between them in the Ranking Round. If this match was drawn, the order of merit shall be determined by goal percentages of the two (2) teams involved.

2.4.3. If more than two (2) teams have equal points after the Ranking group rounds, the order of merit of these teams shall be determined by goal percentages in the matches played between the tied teams. I.e. “Goals For” divided by “Goals Against” multiplied by 100.

2.4.4. For the purpose of other awards each Team will be allocated Ranking Points based on their overall finishing position. The winning team in each age group, will be allocated 100 points, 2nd place, 99 points and so on down through Championships and then Challenge Divisions. This is presented in [Appendix 2](#)

- Division 2 will be referred to as **State Challenge**

2.5.3. Associations will be ranked based on a combination of historical performance at NQ Events over the past five years. The Association ranking will also provide an indication of how strong an Association's second team is likely to be compared to other Associations and will be used to assist in determining if second teams play in Division 1 or 2.

2.5.4. Associations must specify their preferred Division for each team nominated, however this does not guarantee teams will be placed in that Division. Associations will have the right of appeal as outlined in Clause 2.6.

2.5.5. Divisions and pools will be allocated based on aiming to provide a similar number of games to all teams and providing teams with the best opportunity to play more of their games against teams of a similar standard.

2.5.6. For 2020 Nissan State Age each division per age group will be capped at 32 teams. 12U will be capped at 64 teams. To ensure this is managed effectively the following guidelines will apply.

- Each Association's nominated number one team will gain automatic entry to the event as long as all eligibility and nomination requirements are met as outlined in this document.

Fines are required to be paid 10 working days prior to the commencement of the event for a TEAM to be eligible to take the court.

5. CONDUCT OF EVENTS

5.1. General

5.1.1. The Coach and Manager's meetings will be conducted via multiple teleconferences in the lead up to the event. The dates for these are outlined in [Appendix 1](#). Those who take part in the meeting agree to ensure the information is distributed to all within their Association. Failure to attend will result in the deduction of two competition points during the Preliminary Rounds from each team entered by the Association.

5.1.2. For the Preliminary Rounds the backup scorecards for all games will be placed on the relevant courts at the beginning of each competition day. The Team Manager of the winning team is responsible for returning the scorecard to competitions office within 10 minutes of the conclusion of the game. Scorecards must be signed by the Scorers. No team should have less than eight (8) players available. No player may move up more than a single age Division. In extreme circumstances, where an Association has multiple players withdrawn and are unable to recruit any other registered members of their Association to play they may seek to recruit a "local" player as an import. ,
