A message to our State Age Netball community.

At SCNA, our priority for the rescheduled State Age dates has been to work with Associations to ensure teams and officials can access parking. Each Association has been offered the opportunity to purchase the parking spaces they believe they will need for their teams and officials. If, as a parent of a player or as an official, you have not heard from your Association what the plan is for teams and officials in relation to parking, then your first point of contact should be with your Association.

With Association parking requirements accommodated to the best of our ability, the remaining parking spaces will be made available to the public. Please keep the following in mind:

- As a community sports venue, we do not have an unlimited amount of parking spaces. Everyone who wants to park at the venue is not going to be able to. Simple as that. With 20,000 people expected to attend State Age, there are less than 950 parking spaces at our venue before we allocated Association parking requirements.
- We have attempted to offer options to you knowing the above. These options include a shuttle service, a drop off zone, ride share meeting points as well as the limited paid parking available. You are strongly encouraged to carpool to maximise the number of people in your car if you obtain a parking pass at the venue.
- There is no break between morning sessions and afternoon sessions. Morning session games finish and then afternoon session games start 3 minutes later. Therefore, we cannot sell both morning and afternoon parking passes as we would not be able to clear out the morning session parkers to get the afternoon session parkers in in time. To address this, we will offer morning session parking passes for sale and then have afternoon cash sales parking on the day once the morning parkers have exited. However, you will not be able to access the afternoon cash sales parking until after the afternoon session games have started, due to the draw, so you need to be mindful of this when planning your day.
- Playing sessions for 12- & 13-year-olds are in the mornings on Saturday, Sunday and Monday and sessions for the 14- & 15-year-olds are in the afternoons on Saturday, Sunday and Monday. On Tuesday, all age groups play throughout the day.
- We have done the best we can with the resources we have and in the environment we are working within.
- We want to assist everyone as much as we possibly can, but we will not respond to messages and emails that are abusive or hurtful in nature.
- Given the continuing COVID environment, we will delay selling public parking until closer to the event. Stay tuned to the SCNA Facebook page for notification of the onsale date.

Thank-you for keeping these points in mind. Please see over the page for the parking passes available. Please read the table with the venue map on the front page in mind.
