

2022 Origin Energy Primary Schools Cup

Vision

The Origin Energy Primary Schools Cup is a Netball Queensland initiative open to all primary school children in years 4 - 6. The event provides an opportunity for girls and boys from all over Queensland to come together to experience competitive netball in a fun, safe and inclusive environment. The aim is to allow participants an opportunity to compete for the first time and ignite their love for netball or grow on an already embedded 'netball for life' young player.

Purpose

Netball Queensland, together with Queensland Primary Schools and Host Associations will align and collaborate to:

- Deliver a high-quality, participation event for all year 4 – 6 primary school students currently enrolled in a Queensland school
- Provide an opportunity to bring together primary school students from across Queensland and participate in a netball carnival that balances competition and development
- Demonstrate competition format and structure that is accessible and inclusive of all players, coaches, umpires and officials state-wide
- Create a sense of community, belongingness and fellowship for players to their schools and netball team that encourages positive behaviours and social wellbeing
- Provide opportunities for school-based coaches, umpires, managers and support staff to introduce, develop and grow their love for netball
- Promote a culture that netball is about having fun, making new friends, developing social skills, keeping physically active and contributing to a team environment
- Deliver an experience to stimulate a life-long connection to netball that provides long-term physical, psychological and social benefits
- Continue to grow primary school male participation in netball and encourage ongoing involvement, growth and transition within the netball community
