

Junior State Age Boys Division

Frequently Asked Questions

Who is eligible to play in the Junior State Age Boys division?

Any boy turning 12-14 in 2024 is eligible to play at Junior State Age.

What are the dates of the competition?

The Boys division takes place on the last two days of Junior State Age being Monday the 1st and Tuesday the 2nd of July 2024.

How can I find a team to play for if I'm not already affiliated with an association?

The second page of this FAQ includes a list of associations who have indicated that they are looking for additional players to fill out their team. The list will be constantly updated as registrations get closer to closing.

When do team registrations close?

Registrations for the boys division will close on the 22nd of May.

If a player doesn't already have an NQ membership, do they have to pay the full membership fee?

No. The player can register for a competition membership which is \$22.50 and will cover the individual for the two day carnival. If the player signs up to another competition or to a club at an association, the competition fee will be deducted from the full membership \$112.

Can I play for another association than the one I am currently affiliated with?

If the player's current association is entering a boys team they must play for that team if chosen. However, if the player's association is not entering a boys team at Junior State Age they are able to play for a different association for Junior State Age.
