Competition Manual

For all rules and competition information, please read the [2024 Competitions Manual](#).

Final Series Format

Teams in Cup and Shield will be seeded and placed into 4 pools by Netball Queensland prior to the Finals Series. Seeding will be determined by the position the region finished in the Finals Series the previous year along with regional results, with adjustments made to ensure two teams from the same region will not be in the same pool.

Teams in the boy's division will be seeded and placed into 2 pools by Netball Queensland prior to the Finals Series. Seeding will be determined by the position the region finished in the Finals Series the previous year along with regional results.

First Aid

First Aid will be on-site throughout the duration of the Vicki Wilson Finals Series, the location is indicated on the site map.

Physio and Strapping

Complimentary strapping will be available at the RHP Physiotherapy tent, all participants who require strapping will need to bring their own tape. RHP will also be selling tape should participants require to purchase more.

Ice

Ice will be available for first aid related injuries. Schools can bring their own ice if they wish – none will be available onsite.

3. Day 1

Pool Rounds

Each team will play a round robin format within their pool, playing each team in their pool once.

There will be no injury time given during the pool rounds.

Game Times

Game times have been determined based on time between games and overall court time per day, as well as considering player load and rest for Day 2.

1st Quarter 8 mins	<i>Int</i> 2 mins	2nd Quarter 8 mins	<i>Half-time</i> 3 mins	3rd Quarter 8 mins	<i>Int</i> 2 mins	4th Quarter 8 mins	<i>Change Over</i> 3 mins

Pool Round Robin Points

WIN	DRAW	LOSS
2	1	0

Teams will be ranked within their pool at the end of Day 1 based on the following:

1. Points from the pool rounds.
2. If two (2) teams have equal points after the last match in the pool rounds, the final ranking of these teams shall be determined by the following method:
 - 2.1. In the event of teams tying on points at the end of the pool round, then goal average will determine teams for playoffs. $\text{Number of goals scored} / \text{Number of goals against} \times 100 = \%$ (to two decimal places)
 - 2.2. If after ranking teams according to goal average to two (2) decimal points, teams remain tied, the results of the match between the two (2) teams concerned during the pool round will decide the winner.
 - 2.3. If the two (2) teams drew their match or if more than two (2) teams have the same number of points and average at the end of the regular pool rounds, then goal difference will be applied (the difference between goals for and goals against).
 - 2.4. In the event of a further tie, the team scoring the most goals during the pool rounds will secure the higher final position.
 - 2.5. If the teams are still at a further tie, the team with the biggest margin of victory in a single match throughout the pool rounds against any of their opponents will decide the winner
 - 2.6. In the event of a further tie, a coin toss will decide the winner.

4. Day 2

Final Rounds Playoff Format

Traditional playoff format will be used for positions 1-8, 9-16, 17-20 in cup and shield.

Traditional playoff format will be used for positions 1-8, 9-12 in the boy's division.

There will be no injury time given during the final rounds.

If a playoff match is drawn or abandoned with less than 50% of the match completed outside the Grand Final/Third place game a countback will occur, with the teams being ranked based on the following:

1. Points from the pool rounds + completed final's matches (including the drawn game).
2. If the teams have equal points after the drawn finals match is included, the final ranking of these teams shall be determined by the following method:
 - 2.1. In the event of teams tying on points at the end of the pool round and final matches, then goal average will determine teams for playoffs. $\text{Number of goals scored} / \text{Number of goals against} \times 100 = \%$ (to two decimal places)
 - 2.2. If the two (2) teams have the same goal average to two decimal places, then goal difference will be applied (the difference between goals for and goals against).
 - 2.4. In the event of a further tie, the team scoring the most goals during the pool rounds and final matches will secure the higher final position.
 - 2.5. If the teams are still at a further tie, the team with the biggest margin of victory in a single match throughout the pool rounds and final matches against any of their opponents will decide the winner
 - 2.6. In the event of a further tie, a coin toss will decide the winner.

No draws are permitted in the Grand Final and Third place games only. If scores are tied at the conclusion of these matches, there will be a one (1) minute break to confirm scoresheet; substitutions are permitted at this time. Two four (4) minute halves will be played with a one (1) minute half-time to change sides with substitutions permitted in this time. If after extra time, the match is still drawn, the match will continue until a two (2) goal advantage is reached.

Game Times

Game times have been determined based on time between games and overall court time per day, being mindful of player load.
